

AGRICULTURAL ECONOMICS SOCIETY

ANNUAL CONFERENCE PROGRAMME

2010

(PROVISIONAL)

Pollock Halls Edinburgh

Monday March 29th 2010

Joint one-day conference of AES and SFER on 'The Common Agricultural Policy Post 2013'

Journée de conférence conjointe AES/SFER sur 'La politique agricole commune après 2013'

Pollock Halls, Edinburgh, Pollock Halls, Édimbourg

9:00	Registration & Tea/Coffee – Welcome Accueil – Enregistrement –Thé/café
9:30-11:00	Session 1. Perspectives on addressing market instability and income risk for farmers Perspectives sur les questions d'instabilité des marchés et de risque pour le revenu des agriculteurs
	Speakers <ul style="list-style-type: none">• Professor Alan Matthews, Trinity College Dublin• Tancredre Voituriez, CIRAD et IDDRI-Sciences Po Discussants <ul style="list-style-type: none">• J.P. Jamet, Directeur du Centre National pour la Promotion des Produits Agricoles et Alimentaires (CNPA)
11:00-11:30	Tea/coffee-Thé/café
11:30-13:00	Session 2. Perspectives on addressing public goods provided by agriculture Perspectives sur les questions de biens d'intérêt public fournis par l'agriculture
	Speakers <ul style="list-style-type: none">• Professor Nick Hanley, University of Stirling• Pierre Dupraz, INRA Rennes Discussants <ul style="list-style-type: none">• Vicki Swales (Royal Society for the Protection of Birds)
13:00-14:00	Lunch Break
14:00-15:30	Session 3. Perspectives on addressing adjustment and rural development issues Perspectives sur les questions d'ajustement et de développement rural
	Speakers <ul style="list-style-type: none">• Professor Bill Slee and Dr Sarah Skerratt (Macaulay Institute and SAC)• Aurélie Trouvé, ENESAD/INRA Dijon Discussants <ul style="list-style-type: none">• French representative from APCA (Agricultural extension service) (tbc)• Other/Autre?
15:30-16:00	Tea/coffee-Thé/café

Joint one-day conference of AES and SFER on 'The Common Agricultural Policy Post 2013'
Journée de conférence conjointe AES/SFER sur 'La politique agricole commune après 2013'
29 March 2010, Pollock Halls, Edinburgh/29 mars 2010, Pollock Halls, Édimbourg

Continued

16:00-18:00	Session 4. Round Table Discussion of CAP future Table ronde sur l'avenir de la PAC
	<i>Round Table participants</i> <ul style="list-style-type: none">• Richard Wakeford, DG Rural Futures in the Scottish Government (tbc)• Bernard Bourget, Président de la commission "prospective, études et évaluation", Conseil général de l'agriculture, de l'alimentation et des espaces ruraux• L.P. Mahé, Prof Emeritus, Agrocampus-Ouest• Bruce Ross, Managing Director Ross-Gordon Consultants, Brussels
18:00	Drinks Reception and buffet (also registration for AES Conference) Réception et enregistrement pour la conférence de l'AES

The conference will be conducted in English and French and simultaneous translation facilities will be available

La conférence disposera de services de traduction simultanée français-anglais.

Tuesday March 30th – AES Conference Day 1

		Executive Meeting
8.00		Registration
9.00		Welcome and Parallel Symposia
		CAP Rural Development Policy and its Evaluation: Lessons and Prospects for the Future Organisers Janet Dwyer, Berkeley Hill and David Blandford
		Dietary change in the UK—what’s wrong and can we do better? Chair Bruce Traill
10.30		Tea/ Coffee Break
11.00		Contributed Paper Session 1
Bio- energy	Impact of an Increase in Liquid Biofuels for Road Transport on Agriculture in the UK	In Seck Kim, Julian Binfield, Joan Moss, Myles Patton & Lichun Zhang
	Impacts of the US Ethanol Boom in Rural Mexico	George A. Dyer
	The Implications of Alternative Domestic and Trade Policies for Biofuels for Market Variability	Yuki Yano, David Blandford & Yves Surry
Food	Do defaults matter? Willingness to pay to avoid GM food vis a vis organic and conventional food in the UK, Denmark and Spain.	Montserrat Costa-Font, Richard Tranter, José M. Gil, Philip Jones & Morten Gylling
	Functional Ingredients and Food Choice: Results from a Choice Experiment	Dr Iain Fraser, Michael Bitzios & Dr Janet Haddock-Fraser
	More or Better? Measuring Quality versus Quantity in Food Consumption	Corinna Manig & Alessio Moneta
Agricultural Policy	Economic Impact of Reforms to the Less Favoured Area Payment	Daragh Clancy, Reamonn Fealy, Stuart Green, Cathal O'Donoghue & Fiona Thorne
	Impact of Risk within the Northern Ireland Dairy Sector	Lichun Zhang, Myles Patton & Seamus McElean
	Regionalized analysis of land use and land abandonment in the European Union: Extensions to CAPRI	Torbjörn Jansson, Wolfgang Britz, Alan Renwick and Peter Verburg
Developm ent	Determinants of Livelihood Security in Poor Settlements in Bangladesh	Sanzidur Rahman & Shaeen Aktar
	Market structure and performance: An attempt at formalizing the West African “cotton problem”	Claire Delpuech, Anneleen Vandeplas & Jo Swinnen
	Explaining the volatility of agricultural protection in developing countries	Sarah Maas
12.15		Lunch
13.15		Contributed Session 2
Climate Change	Copenhagen meets Doha: greenhouse gas emission reduction and trade liberalization in Norwegian agriculture	David Blandford, Ivar Gasland & Erling Vårdal
	Costs of Carbon Dioxide Abatement via Land-use Adaptation – the example of organic soil cultivation	Jochen Kantelhardt, Matthias Drösler & Lena Schaller
	Cutting Irish Agricultures Greenhouse Gas Emissions: A Carrot and Stick Approach	James Breen, Trevor Donnellan & Michael Wallace
Food	A Hedonic Metric Approach to Estimating the Demand for Differentiated Products	Osman Gulseven & Michael Wohlgenant
	An Analysis of the Consumption of Sausages in Scotland using Supermarket Data	Cesar Revoredo Giha, Beata Kupiec-Teahan, Wendy Wrieden, Victoria Davis, Anne Milne & Philip Leat
	Are consumers beef quality perceptions in accordance with objective beef quality?	Marija Banovic, Ana Cristina Monteiro, José Pedro Cardoso Lemos, Maria Madalena Barreira, & Magda Aguiar Fontes
Rural Development	An analysis of the interactions between farm households and their local economies	Deborah Roberts
	Assessing the Impacts of Farm Payments and CAP reforms in Farm Households: An Application to French Crop Farms	Sébastien Mary
	Rural Homeownership and Labour Mobility in the U.S: Some preliminary evidence.	Maureen Kilkenny, Daniel Monchuk & Euan Phimister
Policy	CAP Reform Options: A Challenge for Analysis & Synthesis	Attila Jambor & David Harvey
	EU Policy Reform and Price Volatility: The case of Sugar	C W Morgan & T Lloyd
	Evaluating the Effects of Decoupled Payment under Output and Price Uncertainty	Kotakou Christina & Stelios D. Katranidis

Tuesday March 30th – AES Conference Day 1

14.30		Parallel Symposia	
		Domestic Support Disciplines and Policies: Past Experience and Future Prospects Organisers: David Orden and Tim Josling	
		The food price crisis: Lessons to be learnt? Chair Steve Wiggins	
16.00		Tea/Coffee Break	
16.30		Contributed Paper Session 3	
Land Use	J.Sauer	On the coordination of the agri-environmental and water internalizing policies in the Crau area (South-East of France)	Elsa Martin & Hubert Stahn
		The extent of active farmer participation behaviour in the Rural Environment Protection Scheme (REPS)	Geraldine Murphy, Stephen Hynes, Eithne Murphy & Cathal O'Donoghue
		Sharing water across heterogeneous farmers under climate uncertainty	Denis Lanzanova & Arnaud Reynaudy
Sustainability		Capital Based Sustainability Indicators as a Possible Way for Measuring Agricultural Sustainability	Caroline Saunders, Wm Kaye-Blake, Rachel Campbell, P. Dalzail
		Future Trends in Irish Agricultural Sustainability	Emma J. Dillon, Thia Hennessy & Stephen Hynes
		UK Consumers Priorities for Sustainable Food Purchases	Clonan, A, Holdsworth, M, Swift J & Wilson, P
Bio-Economics		Predicted effects of CAP reform on management of Great Britain's extensive sheep farms	Stott, A.W., Vosough Ahmadi, B., Milne, C.E., Morgan-Davies, C, Dwyer, C., Kupiec-Tehan, B., Ringrose, S., Phillips, K. & Waterhouse, A.
		Economic Value of Disease Surveillance: Theory and Empirical Methods	Diogo M. Souza Monteiro, Linda Hoinville & Alasdair Cook
		Cattle farmers' preferences for Disease Free Zones: a choice experiment analysis in Kenya	David Otieno, Eric Ruto and Lionel Hubbard
Agri-Environment		Efficient nutrient management - A win for the farmer and a win for the environment.	Dr. Cathal Buckley
		An Econometric Analysis of the Trade and the Environmental Impacts of Pig Welfare in Scotland	Luiza M. Toma, Alistair W. Stott, Emma M. Baxter & Susan Jarvis
		Crofting and bumblebee conservation: how socio-economic changes to crofting may affect rare bumblebee populations in the Outer Hebrides	Lynne M. Osgathorpe, Kirsty Park, Dave Goulson & Nick Hanley
Agricultural Policy		The impact of further CAP reform on Irish economic and farm structures	Ana Corina Miller
		CAP Reform and its impact on structural change and productivity growth: a cross country analysis	Andrius Kazukauskas & Carol Newman
		The Impact of the Economic Recession on Developing Country Trade	Jose Brambila Macias, Isabella Massa & Matthew Salois
17.45		Annual General Meeting of the Agricultural Economics Society	
19.15		Conference Dinner and Ceilidh	

Wednesday March 31st – AES Conference Day 2

9.00	Contributed Paper Session 4	
Agri-Environment	Adverse Selection in the Environmental Stewardship Scheme: Evidence in the Higher Level Stewardship Scheme?	Emmanuelle Quill�rou, Prof. Rob Fraser & Dr Iain Fraser
	Auctioning agri-environmental incentive contracts	Uwe Latacz-Lohmann, Steven Schilizzi & Gunnar Breustedt
	Marketed Outputs and Non-Marketed Ecosystem Services	Johannes Sauer & Ada Wossink
Development	A country perspective of the determinants of food insecurity in Sub-Saharan Africa	Maria Sassi
	Romanian Food Consumers following EU Accession: Short-term Welfare Effects Revisited	Carmen Hubbard
	Social Capital and Weather Shocks in Ethiopia: Climate Change and Culturally-Induced Poverty Traps	Salvatore di Falco, Erwin Bulte & Mahmud Yesuf
Agricultural Efficiency	A Comparison of Farm Level Efficiencies across UK countries	Cesar Revoredo-Giha, Johannes Sauer & Andrew Barnes
	The effect of environmental cross compliance regulations on Swiss farm productivity	Raushan Bokusheva, Subal C. Kumbhakar & Bernard Lehmann
	Assessing the resource- productivity and technical efficiency of improved maize seed production in Nepal: A stochastic frontier approach	Pashupati Paudel & Atsushi Matsuoka
Food	Examining the Carryover Effects of Incidental Fear on Economic Decision Making – An Application to Food Scares	Nikhil Masters
	Perceptions of Relative responsibility for Food Safety	Seda Erdem, Dan Rigby and Ada Wossink
	Comparative analysis of co-regulatory approaches to food hygiene controls	Mohamud Hussein, Prof Andrew Fearn & Dr Marian Garcia Martinez
10.15	Tea/Coffee Break (Posters)	
10.45	Presidential Address	
	Professor David Blandford The visible or invisible hand? The balance between markets and regulation in agricultural policy	
11.45	Contributed Paper Session 5	
Climate Change	Energy, Agri-food Sectors and Climate Change: A CGE model for the Case of Northern Ireland	Erin Smith Minihan & Ziping Wu
	Modelling Greenhouse Gas Emissions on Diversified Farms: The Case of Dairy Sheep Farming in Greece	Sintori A., & Tsiboukas K.
	The perceptions of dairy farmers towards climate change	Andrew Barnes & Luiza Toma
Food	Minimum pricing of alcohol and its impact on consumption in the UK	Matthieu Arnoult & Richard Tiffin
	Designing Dietary Interventions: A Re-examination of the Determinants of Dietary choice in the UK	C.S.Srinivasan
	Fat Taxes and Thin Subsidies: Distributional Impacts and Welfare Effects	Matthew J. Salois & Richard Tiffin
Production Economics	Decision Making Behaviour of Beef Farmers using Discrete Choice Modelling	Ronan Waters & Dr. Cathal O'Donoghue
	Distinguishing Different Industry Technologies and Localized Technical Change	Catherine J. Morrison Paul & Johannes Sauer
	Identifying Robust Milk Production Systems	Duncan Anderson, Claire Jack, Niamh Connolly, Conrad Ferris & Alistair Carson
Non-Market Valuation	The Effect of Household Preferences and Income on the Value of Child Safety on Farms	Claire A. Cockerill, Susan M Chilton, W George Hutchinson & David Matthews
	Attribute processing in environmental choice analysis: implications for willingness to pay	Danny Campbell, Victoria Lorimer, Claudia Aravena & George Hutchinson.
	Public attitudes towards changing landscapes	Diane Burgess, Myles Patton, Stavros Georgiou & Dave Matthews
Trade	An EU-Canada bilateral trade agreement: a DefraTAP application	Elisavet Kitou & George Philippidis
	The LTEM (Lincoln Trade and Environment Model) extending the modelling capability to include forestry	Saunders, C. M. and Kaye Blake, B.
	Trade and SPS regulations: The importance of being Earnest?	Marie-Agn�s Jouanjean & Alexandre Le Vernoy

Wednesday March 31st – AES Conference Day 2

13.00	Lunch	
	Poster Session	
	2nd Executive Meeting	
14.00	Shorter Contributed Paper Session 1	
Development	Agricultural Financing Policies and Rural Development in Nigeria	Eze Christopher. C., J.I. Lemchi, A.I. Ugochukwu, V .C. Eze, A.O Awulonu, A.X. Okon
	School attendance and agriculture in Central America	Ana María Cuestai & Osmel Manzano
	The Insertion of Small-scale Farmers into market mechanism, Can it really improve the Indonesian gurem. The perspective of the market price formation farmers' welfare?	Dwi Winarsih, Sutanta & Laurent Augier
	Effects of Global Climate Change on Nigerian Agriculture and Farmers' Response: An Empirical Analysis	Apata, T.G, Ogunyinka, A.I., Apata, O.M., Sanusi, R.A & Ogunwale, S
	How agricultural reforms can reshape rural areas: a dynamic socio-economic geography of China.	Prof. Roberto Fanfani, Barbara Barone, Nica Claudia Calò & Irene Monasterolo
Supply Chains	A farm level assessment of the profitability of Entry Level Scheme participation in the Lincolnshire Wolds	George R. Harrison & James V.H. Jones
	Costs and Effects of Management Type Policy Instruments - An Empirical Investigation Considering Risk	Johannes Sauer & John Walsh
	Impact of the economic recession on emissions of greenhouse gases from agriculture in the Republic of Ireland	Patrick Gillespie
	Market-Creating Effect of the Internet on Food Trade	Štefan Bojnec and Imre Fertő
	Risk and the decision to produce biomass crops: a stochastic analysis	Daragh Clancy
Non-Market Valuation	Combining discrete and continuous mixing approaches to accommodate heterogeneity in price sensitivities in environmental choice analysis	Danny Campbell, Edel Doherty, Stephen Hynes & Tom van Rensburg.
	Comparing the Traditional Stated Preference Valuation Technique to a Prediction Based Approach	Lava Yadav, Tom van Rensberg & Hugh Kelley
	Estimating the Social Welfare Effects of New Zealand Apple Imports	David C. Cook, Shuang Liu, Rob W. Fraser, Abu-Baker Siddique and Dean R. Paini
	Reducing Bias from Choice Experiments Estimates in the Demand for Recreation	A. Longo, E. Rowan & G Hutchinson
	Milk market integration between Hungary and Poland	Zoltan Bakucs, Jan Faikowski & Imre Fertő
	The Impact of Avian Influenza on Vertical Price Transmission in the Egyptian Poultry Sector	Islam Hassouneh, Amr Radwan, Teresa Serra & José M. Gil
	Poverty, livelihoods and war legacies: the case of post-war rural Kosovo	Elodie Douarin, Julie Litchfield & Rachel Sabates-Wheeler
	Micro level impacts of policy reforms in developing countries	Jonathan Brooks
	An Integrated Parametric and Non-Parametric Input Distance Function Approaches to Efficiency and Policy Analysis in Maize Production in Benue State Nigeria	Goodness C. Aye & Eric D. Mungatana
Agricultural Efficiency	Impacts of labour on interactions between economics and animal welfare in extensive sheep farms	Vosough Ahmadi, B., Erhard, H.W., Dwyer, C.M., Morgan-Davies, C. Waterhouse, A., Milne, C.E. , Kupiec-Tehan, B., Ringrose, S., Goddard, P., Phillips, K. & Stott, A.W.
	The Adoption of Grassland Management Practices Among Irish Dairy Farmers	Kevin P. Heanue
	Understanding farmers' intention to convert to organic drystock farming: An application of the theory of planned behaviour	Doris Laepple
	Evaluating the Irish Farm Afforestation Decision: a discounted cash flow analysis	Breen, J., Clancy, D., Ryan, M., Thorne, F. & Wallace, M.
	Banning pesticides in times of climate change and water scarcity?	Holger Bergmann & Eva Noack
15.15	Tea /Coffee Break	
15.45	Symposium 3	
	Parallel Symposia	
	Adaptation to Climate Change, Chair Mark Rounsevell	

		Environmental Impact of Livestock: (to be confirmed)
17. 15		End of AES Conference
